

Timing:

- 00:00-03:12 intro and credits (may skip)
- **03:12-05:50 overview**
- 05:50-13:30 physics: Einstein's dilemma (may skip)
- 13:30-19:55 early example of dependency inversion principle
- 19:55-22:00 independent deployability
- **22:00-26:45 what is a dependency?**
- **26:45-28:26 structured design**
- **28:26-30:55 dependency inversion**
- **30:55-32:10 boundaries, plugins**
- **32:10-33:20 the dependency inversion principle**
- 33:20-38:29 a reusable framework (may skip)
- 38:29-40:00 the inversion
- 40:00-41:03 independent developability
- **41:03-47:40 dependency inversion examples**
- **47:40-50:12 conclusion**
- 50:12-57:29 end credits and bloopers (may skip)
