

Timing:

- 00:00-02:40 intro (may skip)
- 02:40-03:24 credits (skip)
- **03:24-06:50 overview**
- 06:50-14:28 physics: heisenberg uncertainty principle (skip)
- **14:28-21:00 interfaces**
- 21:00-24:40 interfaces rant (skip)
- **24:40-33:42 fat classes example: the job class**
- **33:42-36:30 the problem with fat classes**
- 36:30-45:00 the ATM example: backwards coupling from too much knowledge (may skip)
- **45:00-50:00 the interface segregation principle**
- 50:00-54:00 factories, dynamics (may skip)
- **54:00-58:25 the need to know**
- 58:25-60:40 conclusion
- 60:40-64:46 end credits (skip)
