

# Day 5 Lesson Plan

## Activity 1:

Version control basics, git

## Activity 2:

Activities with git “stuff”

git scavenger hunt? git game?

Git cheatsheet

## Lunch

- Get Lunch
- TDD part 2?

## Activity 3:

- Explain what TDD is and what are its rules
- Explain why TDD

## Activity 4:

TDD step-by-step example for them (see web apps course lab 4)

Yes, bowling example, but like “red, green refactor” on TDD part 2 video.

## Activity 5:

Summarize?
